

SUMMER MEETING AGENDA

16 July 2026

From David

1. finish slotting in committee members that will cover various elements of the formation meeting,
2. identify who will do what to administer the SBL meeting, and
3. set the ball rolling toward organizing participants for next year.
4. timelines leading up to future sessions (e.g., asking for bios, presentation titles about 60–45 days ahead, rather than 30).

From Grant

1. Should we start looking for a publisher for the “difficult texts” volume?

From Megan R.

1. Moving up our first two online sessions so that the 2nd one can be in May, rather than June. We had about half the number of registrants for the 2nd one as we had for the 1st. Perhaps this is just due to the topic, but I think it’s quite likely that it’s also due in part to the timing. I briefly discussed this with Jim right after the session, and he had the same thought.
2. Brainstorming for 2028. Remind me to mention an idea from David Larsen.
